

FREE BITESIZE MODULES OF A UNIVERSITY DEGREE

**Upskill without the commitment of a
full degree. Study in the evening.**

ENABLING ENVIRONMENT & PLANNING FOR EFFECTIVE LEARNING

**Create Inspiring Spaces and Support
Children's Development**

Unlock Your Potential with MAP

Discover the Modular Acceleration Programme (MAP) – a groundbreaking initiative offering free tuition for Higher Technical Qualifications (HTQs) at Levels 4 and 5. MAP provides a flexible and accessible pathway to gain valuable skills and qualifications in various occupational areas, empowering you to advance your career and achieve your goals.

Gain the skills to create inspiring environments and effectively support each child's unique development and learning journey. Apply now and become a catalyst for positive change in early years education.

This is what you will study...

ENABLING ENVIRONMENT MODULE:

- Gain knowledge and understanding to plan and implement indoor and outdoor provisions for children aged 0-8
- Identify, evaluate, and understand the importance of learning through movement
- Develop skills and values to design enabling learning environments
- Explore social and cultural factors affecting play and evaluate learning environments considering underpinning theories

PLANNING FOR EFFECTIVE LEARNING MODULE:

- Develop skills to observe, assess, and plan children's learning and development in language, literacy, and mathematics
- Utilise various observation techniques to gather comprehensive evidence for evaluating child development
- Demonstrate the ability to assess and evaluate against statutory frameworks
- Identify and discuss the importance of inclusive planning in observations
- Determine next steps to enhance learning linked to theory and legislative requirements

YOU DO NOT need English or Maths qualifications
YOU CAN have an existing degree in any subject
THIS CAN be used as CPD or to obtain credits towards a degree
