Upskill without the commitment of a
full degree. Study in the evening.

SAFEGUARDING CHILDREN & YOUNG CHILDREN'S LEARNING AND DEVELOPMENT

**Gain Essential Knowledge And Skills In
Child Protection And Development**

Unlock Your Potential with MAP

Discover the Modular Acceleration Programme (MAP) – a groundbreaking initiative offering free tuition for Higher Technical Qualifications (HTQs) at Levels 4 and 5. MAP provides a flexible and accessible pathway to gain valuable skills and qualifications in various occupational areas, empowering you to advance your career and achieve your goals.

Enhance your ability to keep children safe from harm, promote their well-being, and support their unique development. Enroll now and lay the foundation for effective early years practice.

This is what you will study...

SAFEGUARDING CHILDREN MODULE:

- Understand the historical aspects and contemporary issues in safeguarding children
- Learn to recognise signs and symptoms of abuse
- Develop awareness of practitioner responsibilities and multi-agency working
- Study relevant legislation and policies, including Children Act 1989 and 2004
- Explore current models of safeguarding within a framework of children's rights
- Examine safeguarding in the digital world and the local context

YOUNG CHILDREN'S LEARNING AND DEVELOPMENT MODULE:

- Gain knowledge of fundamental concepts in child development (ages 0-8)
- Explore physical, psychological, emotional and social aspects
- Examine brain development and the effects of trauma on learning
- Consider different learning styles and influencing factors
- Evaluate theoretical perspectives and analyse competing positions
- Develop skills to meet and promote children's development

YOU DO NOT need English or Maths qualifications
YOU CAN have an existing degree in any subject
THIS CAN be used as CPD or to obtain credits towards a degree
